## WASTE SORTING

From now on all bio-waste must be subject to specific sorting. The entire site will be equipped with a certain number of bins dedicated specifically to bio-waste, along with the usual all-purpose, PMC (plastic, metal, drink containers), paper/cardboard bins and bottle banks. These bins will be located in boxes, near "food & beverage" outlets, paddocks, etc.

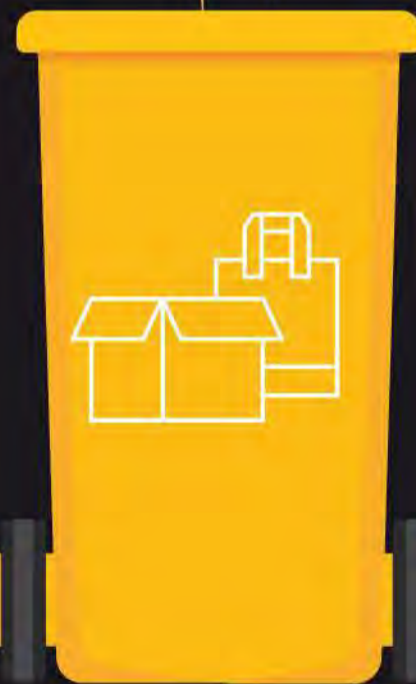

The Spa-Francorchamps Circuit herewith asks that you scrupulously respect these new legal obligations. Penalties may be imposed in the event of proven infringements.
