DRIVER BRIEFING and ETIQUETTE

There is no driver briefing or sighting laps. This is a friendly test day where timing is permitted, it is not a race or qualifying session. Please use your mirrors at all times, move over and lift if you are clearly creating a queue behind you. Equally, if you are on a quick lap and catch someone that slows your progress, show patience, take a deep breath, drive through the pits to create space and if necessary speak to the Donington circuit team.
