

The CSCC WOSP New Millennium series is designed for post year 2000 production-based cars (and their racing variants) and for cars that are deemed to be "in the spirit of the regulations", for example older cars running non-standard aero or sequential gearboxes.

- Typically a 40-minute race with a mandatory pit stop and 30-minute qualifying session on the same day.
- Four simple eligibility rules – Tyres, Induction type, Silhouette and Original engine type
- Register the car for the 2023 season for £99 (each driver joins the club as a member for £39 for 12 months) and then enter individual rounds when they open, (around 8 to 10 weeks before the event). Your £99 WOSP New Millennium registration fee includes registration to any other CSCC series that this car is eligible for, free of charge. If you wish to register a second car for any eligible series, it is £50. Entries may be either single drivers, two drivers sharing a single car or a two-car team.
- Overall winner's penalty helps reduce the likelihood of the same car dominating at every round.

#### Class structure:

Class A – Over 3500cc

Class B - 3001cc to 3500cc

Class C – 2001cc to 3000cc

Class D – up to 2000cc

Class M1 - Highly modified BMW models running either the S50 or S54 3.2 litre engine

Class M2 - Lightly modified BMW models running either the S50 or S54 3.2 litre engine

*Note that the CSCC reserve the right to re-classify cars between classes M1 and M2 at any time, based on likely and actual performance.*

#### Bodywork

Cars may have non-standard splitters, dive planes, diffusers, roof scoops and rear wings. Wheel arch extensions (through easing, rolling or adding an extension) are permitted up to a maximum total width of 5% when compared to a standard width shell. The original silhouette must otherwise be retained as produced by the factory. Original working headlights, or headlight covers and bright, white lights. Onboard cameras are highly recommended.

All cars must display the correct stickers, these will need to be collected from the CSCC at the circuit and applied to the car before the race. Failure to display these decals when issued could result in the car failing at scrutineering or the loss of an award. A Sticker Guide is available on the series webpage: <https://www.classicsportscarclub.co.uk/new-millennium>

#### Engine and Transmission

Original engine type to be retained (excluding class M1 and M2), internals are free. "Original engine type" means the same engine (block and head) as was available from the factory in that body shape in period. Sequential gearboxes are permitted. Cars may not be Turbo/Supercharged unless originally available in that form from the manufacturer. Petrol forced-induction cars will have a cc weighting of 1.7 as per the Motorsport UK rule book. Normally-aspirated Rotary cars will have a cc weighting of x1.7, whilst turbo Rotary cars will have a cc weighting of x2.5. Turbo Diesels have normal N/A equivalency.

#### Tyres

Cars must run on Motorsport UK list 1A/1B/1C treaded tyres.

#### Entries

Entries may be either one car with one or two drivers or a two-car team. Each driver must be a member of the Classic Sports Car Club and all cars must be registered.

#### Overseas rounds

In order to race with the CSCC at an-overseas round, drivers are required to race with us twice beforehand this season. Overseas rounds are not subject to winners' penalties. Cars could be subject to additional safety requirements.

#### Pit Stops and Starts

A mandatory, timed 1 minute 30 second stop, from pit in to pit out, must take place during the race, unless indicated otherwise in supplementary regulations. Full pit stop regulations are explained here: <https://www.classicsportscarclub.co.uk/regulations>

All cars must have a method of determining that they are travelling at 60 kph. Starts will be rolling, as set out within each meeting's supplementary regulations.

#### Winners' Penalties

A 20 second, timed pit-stop penalty for the overall winner, applies at the next UK series race entered. If the same driver/s or car win again, each time, the penalty doubles, until such time as they start a race but do not win. Each time they do not win, the penalty is reduced in the same increments as it was applied, until it is removed. The overall winner's penalty time is added to and served at the same time and location as the mandatory pit-stop.

The CSCC also reserves the right to re-classify any car, entered in a meeting, that does not comply with the series technical regulations or is not prepared to an acceptable standard. The Club reserves the right to amend these regulations at any time in the year.
